RE: 2022 Board of Directors Election Information

The upcoming NPIP Board of Director elections will be held from January to April of 2022. Four positions will be up for election, and the four board members currently holding those positions are interested in running for an additional term. However, planning for board succession is an ongoing board goal, so all interested members are encouraged to respond to discuss available options for board involvement.

Who is Eligible? The designee of any NPIP member can run for a position in the region in which the organization is located or provides services to. Members can also run for an at-large position, regardless of regional location. If you are interested in serving in a regional position on the board, please visit the [Board Information](#) page on our website for a region map.

Board Position Information: All board positions have a four-year term. The upcoming term will extend from June 1, 2022 to May 31, 2026. Meetings are held quarterly, two of which are held at the end of board planning retreats. Meetings are held in locations across Washington, and an annual all-member meeting is also held via webinar. **Please refer to www.npip.org/board-info to review interested candidates**, including incumbents.
